

KING COUNTY INTERNATIONAL AIRPORT INCIDENT REPORT

INCIDENT: Fuel Spill DATE OCCURRED 05-27-92 DATE REPORTED
TIME OCCURRED 2130 TIME REPORTED

LOCATION(S) OF OCCURRENCE:

North Fuel Farm

REPORTED BY:

Galvins

PHONE NO(S):

SUMMARY:

Officers responded to a call of a broken valve at the north fuel farm with a fuel spill involved. Upon arrival, Sgt. Eades determined that approx. 5 gal. of Jet A was spilled and that flow was stopped. Officer Burningham responded in FD 1 for fire watch until third shift was able to respond. Officers Legg and Douglas responded in FD 2 and arrived at approx. 2150 to relieve Burningham. Officer Legg spoke to Thomas Valko, Galvins lineman, who said that he was filling truck 704 and had valved off the truck and the supply line but neglected to disconnect the line before driving off, damaging the single point nozzle on the farm and spilling what was left in the supply line. Additional Galvin personnel responded and mopped up the fuel with absorbent pads and placed them in a 55 gal drum at their business which is set aside for that purpose. Officers departed the scene at 2210.
